Subject: Ill River Update

Hi guys. It was great to see both of you last week. FYI, we have updated our OW leadership with this new info below (this is from a report from Tom Wall):

“Have now spoken with Bill Honker, the R6 WDD, who says delays are due to a Regional senior leadership (Acting RA) decision to make sure the Lake Tenkiller model is working correctly, then they plan to release the two models (the Lake model and the one for upstream Illinois River watershed) to stakeholders at the same time.”
